S. S. Thompson, Esq.,  
Pine Hill College,  
Halifax.

Dear Mr. Thompson:

The Rev. W. B. Smith was a student when I was Professor in Pine Hill, and I always regarded him as one of the good students who were in the college during the time that <sup>I</sup> held the position. He was a very hard worker, had a clear mind, an excellent grasp, and mastered thoroughly whatever subject he undertook to get up. He always also had a forceful and clear delivery. I do not want to make comparisons between students, but certainly Dr. Smith ranked well among those who passed through my classes during the fifteen years I was in Halifax.

Yours sincerely,

President.
